

## New Dental Equipment

Dentsply International recently introduced the **Midwest® RDH Freedom® Cordless Prophy System**, a cordless prophylaxis handpiece that reportedly has a balanced and lightweight design that increases accessibility in the mouth, by eliminating cord drag. The manufacturer states, an initial 90 minute charge of the handpiece and foot pedal simultaneously with the double-ended extension cable, will provide an all-day battery life. The basic cordless prophylaxis handpiece system includes a cordless hygiene handpiece, wireless foot pedal, (1) autoclavable aluminum outer sheath and handpiece cradle, charging base, power supply, double-ended extension cable, (25) Disposa-Shield trial pack, and (20) NUPRO Freedom Disposable Prophy Angles. Prophy angles are latex free and are available in soft and firm and or a brush cup. **NOTE:** The headpiece system can only be used with NUPRO®Freedom Disposable Prophy Angles (DPA). Unit comes with a one year warranty.

Product	Item Number	Suggested Retail Price	Government Price
Basic System: (1) hygiene handpiece, wireless foot pedal, (1) autoclavable sheath, (1) autoclavable handpiece cradle, charging base, power supply, double-ended extension cable, (25) Disposa-Shields Trial Pack, and (20) NUPRO Freedom Disposable Prophy Angles	90701-L01	\$874.69	\$527.44
