

New Equipment

Hager Worldwide recently introduced **Happy Morning Xylitol**, an individually packaged, single-use, soft bristle toothbrush. The mint flavored bristles are coated with xylitol which is said to reduce plaque and acid forming bacteria. Happy Morning Xylitol toothbrushes are available in boxes of 50 (#605496) for \$20.50 (suggested retail). Contact your local distributor for government pricing.

KaVo Dental North America recently introduced the **MULTI LED** for handpieces which is designed to create a halo-free, daylight type illumination to the oral cavity and the tip of the bur. The MULTI LED offers an easy and economical option to upgrade existing KaVo MULTIflex couplers to LED without replacing the entire coupler. According to KaVo Dental, you can simply exchange the halogen bulb in your KaVo MULTIflex coupler with the KaVo MULTI LED. The manufacturer claims the LED last 5 times longer than the existing halogen bulbs. The MULTI LED can be purchased for \$199.00 (suggested retail) and \$71.64 (government).

3M/ESPE recently introduced the **Elipar™ S10 LED Curing Light**, which is advertised to provide excellent visible curing light capability in an ergonomic and lightweight handpiece form. The Elipar™ S10 curing light is designed with a solid, seamless stainless-steel casing that provides easy disinfection between patients while being resistant to discoloration from disinfectants and/or dental materials. This visible curing light is said to provide an irradiance value of 1200 mW/cm² over a 430-480 nm range (455 nm peak). The Elipar™ features a 10-mm diameter light guide that rotates in 360 degrees and uniquely attaches to the curing light with a magnet. Available timer settings are 5, 10, 15, 20 seconds; continuous mode (120 seconds), as well as a tack-cure feature. 3M ESPE states that the Elipar™ S10 can provide up to seven minutes of continuous curing before thermal shutdown while the fully-charged lithium-ion battery will typically provide 60 minutes (360 10-second cures) of function. The Elipar™ S10 LED Curing Light is available for \$1,479.99 (suggested retail) and \$1,331.99 (government) and in addition to the curing light and light guide comes with an eye shield, charging base, and instructions for use.
