

New Infection Control Products

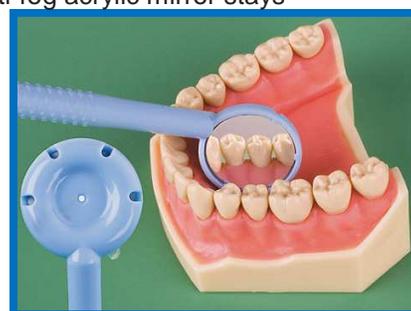

According to SmartPractice the **ECOTip™** is the world's first and only earth-friendly High Volume Evacuator (HVE) tip from IndiGreen Innovations. The ECOTip™ is made from renewable, sustainable paper and is said to be engineered and tested to provide outstanding stiffness, durability and function. The food-grade coating reportedly virtually eliminates moisture absorption and fraying during use. Patients will reportedly appreciate your commitment to the environment because using ECOTip™ can help keep millions of plastic suction tips out of landfills each year. The manufacturer claims ECOTip™ fits all standard HVE valves and is made using FDA-approved materials. ECOTip™ HVE tips are available in vented (#13811) or non-vented (#13810) styles. ECOTip™ HVE tips are available in packages of 100 tips for \$15.29 (suggested retail) and \$13.76 (government). Pricing may vary from different suppliers or depending upon quantities purchased.

According to SmartPractice, the IndiGreen Innovations **Mirro-Vac™ Saliva Ejector Mirror** combines evacuator and mirror functions into one efficient instrument. The Mirro-Vac™ Saliva Ejector Mirror is reportedly ideal for sealants, air abrasion, bonding and other dry field procedures. The manufacturer claims that the upper suction inlet relieves tissue grab and ensures that the anti-fog acrylic mirror stays clear—even under direct exhalation. The Mirro-Vac™ Saliva Ejector has a size 4 lens with 35° inclination and delivers a standard mouth mirror feel and function. Other features include an easy-lift film that protects the mirror surface until use and a round, knurled handle to improve grip. Each Mirro-Vac™ Saliva Ejector is 6" long and the fully disposable, one-piece construction eliminates the need for sterilization. The Mirro-Vac™ Saliva Ejector Mirrors (#10111) are available in packages of 50 mirrors for \$19.79 (suggested retail) and \$17.81 (government). Pricing may vary from different suppliers or depending upon quantities purchased.

The **Syber-Sak Disposable Plastic Keyboard Cover** (Scher Industries, Inc.) available from SmartPractice is a clear plastic disposable computer keyboard cover that surrounds the entire keyboard and reportedly protects it from bacteria, blood, contaminants, liquid, and dust. According to SmartPractice, the Syber-Sak slips on and off the keyboard with ease and helps to protect both the operator as well as the patient from cross contamination.

Product/Size (Item #)	Quantity	Suggested Retail Price	Government Price
Syber-Sak Disposable Plastic Keyboard Cover/24"x12" (440003)	150	\$37.99	\$32.39
Syber-Sak Disposable Plastic Keyboard Cover/21"x12" (440004)	250	\$42.99	\$38.69

Pricing may vary from different suppliers or depending upon quantities purchased.
