

## New Laboratory Products

Renfert recently announced the release of the **MT3 pro**, a wet model trimmer with a 2 hp motor. It features hermetically sealed touch keys on the top of the unit that reportedly can be easily and safely switched on and off. Renfert claims the MT3 pro front housing can be completely removed without the use of tools in just a few steps for easy cleaning. This model trimmer also has an electronic operation brake which according to the manufacturer stops the trimmer disc in about 5 seconds after switching the trimmer off. The MT3 pro also features load monitoring, which signals a red LED to illuminate when users apply too much pressure while trimming. The MT3 pro is available in 230 V or 120 V with a Klettfix or Marathon disc included and has a three-year warranty.

Item	Order Number	Suggested Retail Price	Government Price
MT3 Pro 230 V includes Klettfix	18090000	\$1,232.00	\$1,014.00
MT3 Pro 230 V includes Marathon	18090500	\$1,880.00	\$1,548.00
MT3 Pro 120 V includes Klettfix	18091000	\$1,066.00	\$876.64
MT3 Pro 120 V includes Marathon	18091500	\$1,645.00	\$1,354.90

Whip Mix has recently unveiled the **ProPress SP**, a porcelain pressing furnace that has a unique sense press feature. According to manufacturer, it monitors the flow of the glass and senses the movement of the ceramic into the ring in real time, which in turn will shorten the pressing program time compared to that of conventional pressing furnaces. Whip Mix claims the shortened press times of the ProPress SP will minimize or in many cases eliminate the formation of the reaction layer and use of the sense press feature increases the chances of a complete press. This furnace purportedly has the ability to press all but the most severely cracked molds, press any pressable porcelain and fire any veneering porcelain. The ProPress SP is available in 115V or 230V, includes a free vacuum pump, comes with a three-year warranty, 3,750 hours on the muffle and can be purchased for \$6,995.00 (suggested retail) and \$5,284.25 (government).
