

New Laboratory Products

VIDENT™ has recently introduced the **VITA ZYRCOMAT® 6000 MS** Sintering Furnace. According to the manufacturer this unit was designed for high-temperature sintering of all dental ceramic substructure materials. The VITA ZYRCOMAT® 6000 MS Sintering Furnace purportedly can sinter up to 9 unit bridges in 80 minutes and up to 25 units simultaneously. The sintering furnace features four molybdenum disilicide heating elements, two extendable trays, an innovative ventilation system and has plug-and-play operation with the VITA vPad Controller. The VITA ZYRCOMAT® 6000 MS Sintering Furnace requires a 220V electrical supply and comes with a two year warranty.

Furnace Style	Part #	Suggested Retail	Government Price
Zyrcomat 6000 MS Anthracite Finish	E59-040	\$13,000.00	\$9,750.00
Zyrcomat 6000 MS Stainless Steel Finish	E59-041	\$13,495.00	10,121.25

VITA vPad Control Units	Part #	Suggested Retail	Government Price
vPad Comfort	E60-004	\$1,695.00	\$1071.25
vPad Excellence	E60-005	\$ 3,195.00	\$2396.25
