

Building The Future Of The 90th Medical Group

F.E. Warren AFB, Medical Clinic Renovation

WHAT: F.E. Warren Medical Clinic is undergoing a \$18.3 million renovation that will modernize 48% of the existing facility.

WHEN: The renovation will span roughly 2 years, initiating with a wall breaking ceremony on 19 January 2016.

WHY: Revitalize the existing 38-year-old facility by reconfiguring, right-sizing, and relocating services to support the 90th Medical Group's growing operational needs and mission.

Improve operational efficiency and patient flow by realigning departments into a logical layout that will accommodate new technologies and changing medical practices for years to come.

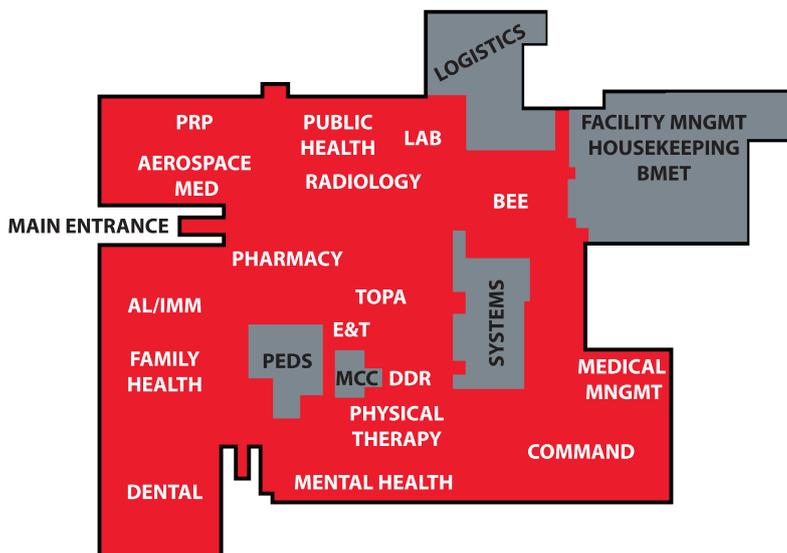

Introduce new furniture, fixtures, and equipment throughout the clinic to rejuvenate facility aesthetics and improve the overall patient experience.

Enable each department to maximize their usable footprint to ensure high-quality, efficient, and patient-centered healthcare.

Renovated Main Entrance

RENOVATED FLOOR PLAN

Departments in RED will undergo full or partial renovations.

Departments in GRAY will not be impacted by the renovation project.
