

PGY1 Only Form

All medical students **must complete a PGY1 Only Form** which is in addition to your primary choice of residency training and, if applicable, your secondary choice of residency training. **DO NOT submit this form as your second choice of residency training.**

The PGY1 Form is available in Other Resources section of the [Physician Education website](#).

HPSP applicants:

Applicants not selected for either their first or second choice for categorical residency training will be required to complete a PGY1 in either Internal Medicine, General Surgery, or a Transitional year. Applicants must indicate to the Joint Graduate Medical Education Selection Board (JGMESB) if they wish to be considered for a PGY1 active duty (AD) program or not. Applicants **are** required to rank **all three** PGY1 specialties for AD programs and should numerically rank the programs in order of interest. When selecting Internal Medicine, General Surgery or Transitional, do not forget you **must** rank order **all** the location preferences below each PGY1 program. Applicants who do **not** wish to be considered for a PGY1 at an AD location, indicate this in item 2 on the form.

Individuals applying for a pre-selected position at an AD location must indicate which PGY1 program they would like to complete. Please rank your preferences. Examples of pre-selected specialties where the applicant has a choice of which PGY1 program they can complete are Ophthalmology and Radiology. Individuals pre-selected for training are typically given a PGY1 at the same location as the specialty training.

Ensure you sign and date the page prior to uploading into MODS.

USUHS applicants:

Applicants not selected for either their first or second choice for categorical residency training will be required to complete a PGY1 in either Internal Medicine, General Surgery, or a Transitional year. Applicants must indicate to the Joint Graduate Medical Education Selection Board (JGMESB) if they wish to be considered for a PGY1 active duty (AD) program or not. USUHS students must apply for AD PGY1 training unless they have a special circumstance or hardship requiring a deferred PGY1. Physician Education must approve all special circumstances or hardships for a deferred PGY1 prior to the student uploading the PGY1 ONLY FORM into MODS. The student must also indicate their special circumstance or hardship in the comments/remarks section of the PGY1 page. Applicants **are** required to rank **all three** PGY1 specialties for AD programs and should numerically rank the programs in order of interest. When selecting Internal Medicine, General Surgery or Transitional, do not forget you **must** rank order **all** the location preferences below each PGY1 program.

Individuals applying for a pre-selected position at an AD location must indicate which PGY1 program they would like to complete. Please rank your preferences. Examples of pre-selected specialties where the applicant has a choice of which PGY1 program they would like to do are Ophthalmology and Radiology. Individuals pre-selected for training are typically given a PGY1 at the same location as the specialty training.
